## MUMMA BEARS SEEK VOLUNTEERS

THE Mumma Bears group is going from strength to strength.

So much so that more volunteers are urgently needed to mentor and support younger mothers.

Carrum Downs woman and founder Carol Ray started the group after seeing an online

comment from a young mum, who voiced her loneliness.

The group, which involves older mothers providing support, friendship and advice to their younger counterparts, subsequently exploded with numerous people signing up.

"Most of the young mums

are looking for a role model in their life and someone they can turn to when things get tough," she said.

"There's an awful lot of social anxiety and loneliness out there."

To get involved, visit [mummabears.com.au](http://mummabears.com.au) or phone 0432 617 130.
